HOME CARE EXPERTISE

We actively participate in NYS Department of Health Stakeholder Work Groups and initiatives to improve the home care licensing process and regulatory environment in New York.

PROJECT LIAISON

We employ our experience and knowledge of licensing and regulatory requirements to work on your behalf with NYSDOH to function as a point of contact to provide clarifications and identify critical issues in need of resolution.

- Ensure complete, accurate, and timely submissions of required application information via the electronic Health Commerce System (HCS);
- Provide guidance to comply with Article 36 regulations and the required Policy and Procedures;
- Work productively with DOH, answer questions and resolve issues to advance the application.

PROVEN TRACK RECORD & PROFESSIONAL CREDIBILITY

We take great pride in assisting our clients to achieve licensure approval as expeditiously as possible.
